CAREER OBJECTIVE

Seeking a position as an Electrical Engineer in a forward-thinking and growth-oriented organization where I can apply my academic knowledge and hands-on experience in circuit design, power systems, and project management to contribute to innovative solutions, enhance operational efficiency, and grow professionally within a collaborative team environment.

PERSONAL INFORMATION

Nationality: Indian

Place: Dange Chowk

Date of Birth: 27/07/1997

Gender: Male

Marital Status: Single

PROJECT

ADVANCE ELECTRONIC VOTING MACHINE

- Designed a underprint-based electronic voting system
- to ensure secure, reliable, and tamper-proof elections.
- The system varies voter identity using biometric
- authentication, prevents duplicate voting, and
- eliminates the need for manual varication or third-party services. Aimed at improving the transparency,
- security, and decency of the election process.
